

Michael Aldwell

Member of the Management Board of Kuehne+Nagel International AG,
responsible for Sea Logistics (from October 1, 2023)

Michael Aldwell (New Zealander, born 1984) has been responsible for products, sales and marketing of Sea Logistics worldwide since January 2023, based in Schindellegi, Switzerland.

He brings in over 15 years of experience in global logistics and transportation covering a broad range of business functions in strategy and performance development, global key account management and management of local and regional operational organisations.

Michael Aldwell began his career in 2008 with Kuehne+Nagel in Auckland, New Zealand and has held several senior management positions in Asia, the Middle East & Africa and the Americas, most recently as Regional Vice President of the Northeast Region in the US in Jersey City, New Jersey. He studied business administration at Lincoln University, New Zealand, and at Stanford University Graduate School of Business, California.

Starting October 1, 2023, Michael Aldwell will be a member of the Management Board of Kuehne+Nagel International AG, responsible for Sea Logistics. He will continue to be based at the Group's headquarter in Schindellegi, Switzerland.

About Kuehne + Nagel

With over 79,000 employees at almost 1,300 sites in close to 100 countries, the Kuehne+Nagel Group is one of the world's leading logistics providers. Headquartered in Switzerland, Kuehne+Nagel is listed in the Swiss blue-chip stock market index, the SMI. The Group is the global number 1 in air and sea logistics and has strong market positions in road and contract logistics.

Kuehne+Nagel is the logistics partner of choice for 400,000 customers worldwide. Using its global network, logistics expertise and data-based insights, the Group provides end-to-end supply chain solutions for global companies and industries. As a member of the Science Based Target Initiative (SBTi), Kuehne+Nagel is committed to sustainable logistics by reducing its own environmental footprint and by supporting its customers with low-carbon logistics solutions.
