Sanofi partners with Kuehne+Nagel for fulfilment services in Türkiye

- **Global cooperation now includes Türkiye**
- **Strengthening its position as a trusted logistics partner of the healthcare industry**

Istanbul / TR, March 03, 2025 — Sanofi, a leading healthcare company with a presence in 90 countries worldwide, partners with Kuehne+Nagel for fulfilment, handling, and value-added services for pharmaceutical and consumer health products in Türkiye.

To enhance the efficiency of processes related to warehousing, handling, and value-added services such as serialisation and inking, Sanofi in Türkiye entrusts Kuehne+Nagel with managing the facility in Tuzla, on the outskirts of Istanbul.

Currently, Sanofi operates an 11,000 sqm facility equipped with temperature-controlled rooms (15-25°C), cold rooms (2-8°C), restricted access zones, quarantine areas, and more. With a storage capacity of up to 4,200 pallets of healthcare and consumer health products, the facility ensures timely delivery to patients across Türkiye.

“Our purpose at Sanofi is to improve people’s lives around the world, by chasing the miracles of science. In line with this mission, we sought a trusted partner to deliver reliable 3PL warehousing logistics services, allowing us to focus on our core business. Sanofi’s successful collaborations with Kuehne+Nagel in other countries reinforced our confidence in choosing them as our partner in Türkiye,” says Cem Öztürk, Sanofi Eurasia MCO Lead.

“We are thrilled to take on the operation of Sanofi’s facility in Tuzla. Our partnership is built on a shared commitment to delivering healthcare products and consumer goods to patients efficiently and with the quality they deserve,” concludes Matthias Blan, Managing Director of Kuehne+Nagel Türkiye.
